

ACU Wants to Help Your Kids See the Future

America's CU is celebrating National CU Youth Month this April to help teach and encourage youth ages 17 and under to develop good financial habits.

This year's theme is **The Science of Saving** using sci-fi inspired characters to encourage the young to imagine a future where piggy banks fly and giant automatic-saving robots visit credit unions.

As part of the month-long celebration, we'll have **one \$100 and two \$50 cash prize winners**. Here's how to earn one or more entry tickets:

- Open a youth saving account - \$25 minimum; one entry ticket
- Open a youth checking account - \$50 minimum; one entry ticket
- Make a deposit to your existing youth account (up to age 17) - \$10 minimum; *one entry ticket per member per business day.*

Together we can help your young adults blast-off toward a bright and wondrous future.
